Field Sales App: It puts every tool your sales reps need in one place.

Skynamo is a field sales app built for manufacturers, wholesalers, distributors and importers who sell and service customers in the field. It puts every tool your sales reps need — customer information, product catalogues, pricing, order capture and call reporting — into a single mobile app that works online or offline. Skynamo eliminates duplicate data entry, gives managers full visibility of field activity, and helps sales teams spend more time selling and less time on admin.

Field Visit & Order Capture
