

Affordable cloud-based rental software

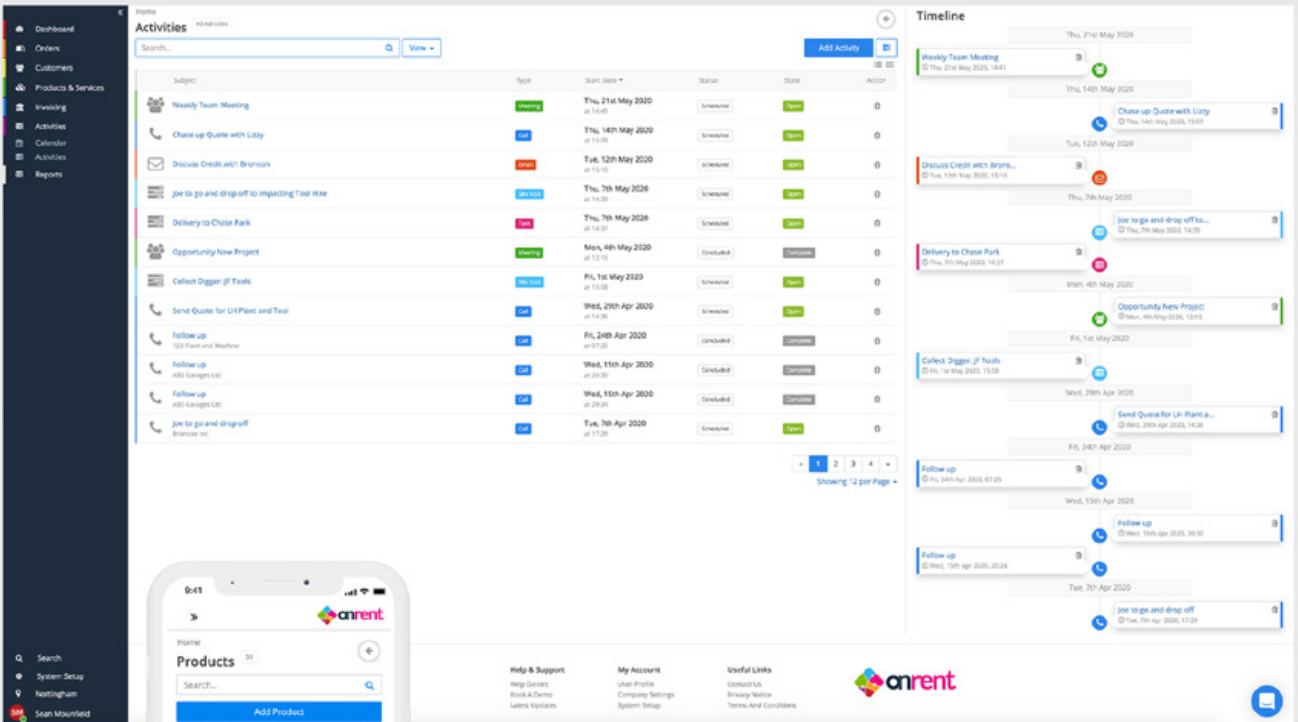

onrent

Kerridge
Commercial Systems

Online rental management software designed for small to medium rental businesses, ready for growth.

Rethink, redefine, redesign rental

Fully-cloud based rental management software that allows you to access your entire rental business on any device, at any time, from anywhere. Developed by market leaders with over 20 years of industry experience, OnRent is powerful, easy-to-use and most importantly, affordable. Seamlessly manage your entire rental business with OnRent, no matter where you are.

Low-cost rental software

OnRent has been designed from the ground up to deliver a market-leading online rental management experience at a flexible and low-cost price point.

- ✓ Affordable annual pricing
- ✓ Increase/decrease users as required
- ✓ Automatic upgrades

Simple to set up, simple to use

Discover rental software that is simple to set up and simple to use, designed with the end-user in mind.

- ✓ Simple process flow
- ✓ Reverse deliveries when the wrong item selected
- ✓ Ability to delete draft invoices

Simple to use, packed full of great features, gives us everything we need for rental management. A brand new system, built in the field from the ground up.

Designed for small to medium rental businesses ready for growth, OnRent prides itself on the simple setup, instant access and flexible pricing. With no installation required, you can easily navigate and personalise your system to however you wish so that you can get started right away - with or without training.
